

THIS LETTER IS FOR

Toyota Hilux N80

2015 to 2025 · dual cab

WHICH ONE IT IS

Which Hilux is it?

Two generations, two canopies. The pictures tell them apart in a second; the ticked one is the one this letter is for.

01 Which Hilux is it?

✓ N80, 2015 to 2025

N90, on sale from December 2025

The N90 has a different tub and its own canopy. Choose the Hilux N90.

02 Is it a pick-up with the factory tub, or a cab-chassis with a tray?

✓ Factory tub

Cab-chassis with a tray

A tray takes a tray canopy. This canopy mounts to the factory tub.

Not sure? Send a photograph of the tailgate and the tub with your reply and we confirm it before the day.

TOYOTA HILUX N80 · BEFORE THE DAY

Before it is fitted

03 Which tub does it have?

✓ A-Deck

SR5, Rogue, Rugged X, GR Sport

J-Deck

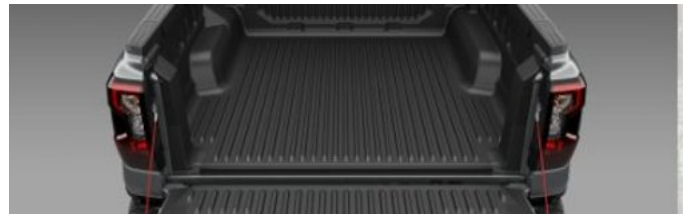

SR or WorkMate, with lower sides, a headboard and tie-down hooks on the outside

The J-Deck tub is a different shape and this canopy does not seal on it. We are confirming a fitment with the factory.

04 What is in the tub?

✓ Nothing, or a spray-in liner

A drop-in plastic liner

A drop-in liner is removed, or cut where the mounting brackets sit, so the canopy seals on the tub.

WHAT COMES OFF

- ✓ A factory sports bar or roller cover comes off before the canopy goes on. On a Rogue the tailgate central locking stops working once the roller cover is removed. On a GR Sport the factory tub liner comes out.

ON THE DAY

Clamped to the tub

No drilling. The clamps sit on the tub rail, which is why a liner or a trim in the way matters.

Sealed on the rail

Pinch weld and a base rubber all the way round. The dust stays outside.

Off again, clean

Two people and about half an hour. The ute is as it was for resale.
